

# Special issue of Ocean Dynamics for IWMO-2025

## Plans for IWMO-2026

# IWMMO 2025 Special Issues in Ocean Dynamics (ODYN)

- Journal focus: coastal ocean, dynamics, data analysis, ocean modeling, etc.
- Experience with special issues (15 IWMMO issues so far; many special issues from other meetings)
- No required publication fee (fee for open access is optional)
- Several editors of ODYN are long-time IWMMO members

**SPRINGER NATURE**  
(Editor in Chief: T. Ezer)

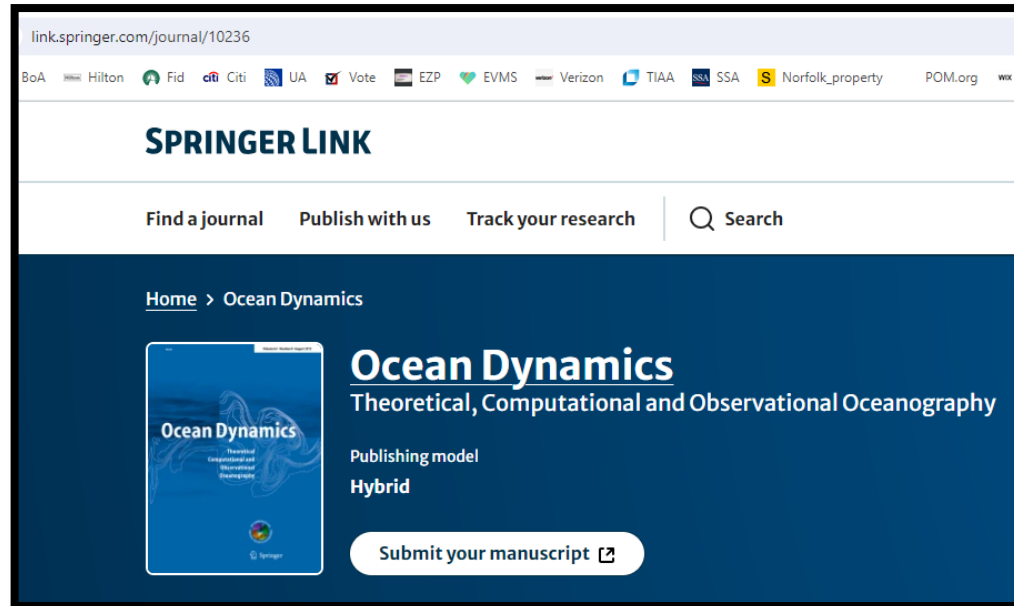

## Special Issues (Topical Collections) of IWMO published in Ocean Dynamics 2009-2025

MEETING	LOCATION	TIME	#papers in Issue	
1st IWMO-2009	Taipei, Taiwan	Feb-23-26	13 (I) + 7(II)	closed
2nd IWMO-2010	Norfolk, VA, USA	May-24-26	14	closed
3rd IWMO-2011	Qingdao, China	Jun-6-9	9	closed
4th IWMO-2012	Yokohama, Japan	May-21-24	12	closed
5th IWMO-2013	Bergen, Norway	Jun-17-20	17	closed
6th IWMO-2014	Halifax, Canada	Jun-23-27	14	closed
7th IWMO-2015	Canberra, Australia	Jun-1-5	11	closed
8th IWMO-2016	Bologna, Italy	Jun-7-10	19	closed
9th IWMO-2017	Seoul, South Korea	Jul-3-6	9	closed
10th IWMO-2018	Santos, Brazil	Jun-25-28	17	closed
11th IWMO-2019	Wuxi, China	Jun-17-20	18	closed
12th IWMO-2022	Ann Arbor, MI, USA	Jun-28-Jul-1	11	closed
13th IWMO-2023	Hamburg, Germany	Jun-27-30	5+...	to be closed soon
14th IWMO-2024	Sapporo, Japan	Jun-17-20	8+...	review process
15th IWMO-2025	Stanford, CA, USA	Jun-30 –Jul-3	?	Open soon

**Total: 184 papers**

# HOW TO SUBMIT A PAPER?

- Submit at: <https://link.springer.com/journal/10236>
- Manuscript type: Topical Collection IWMO-2025

## Editors of special issue:

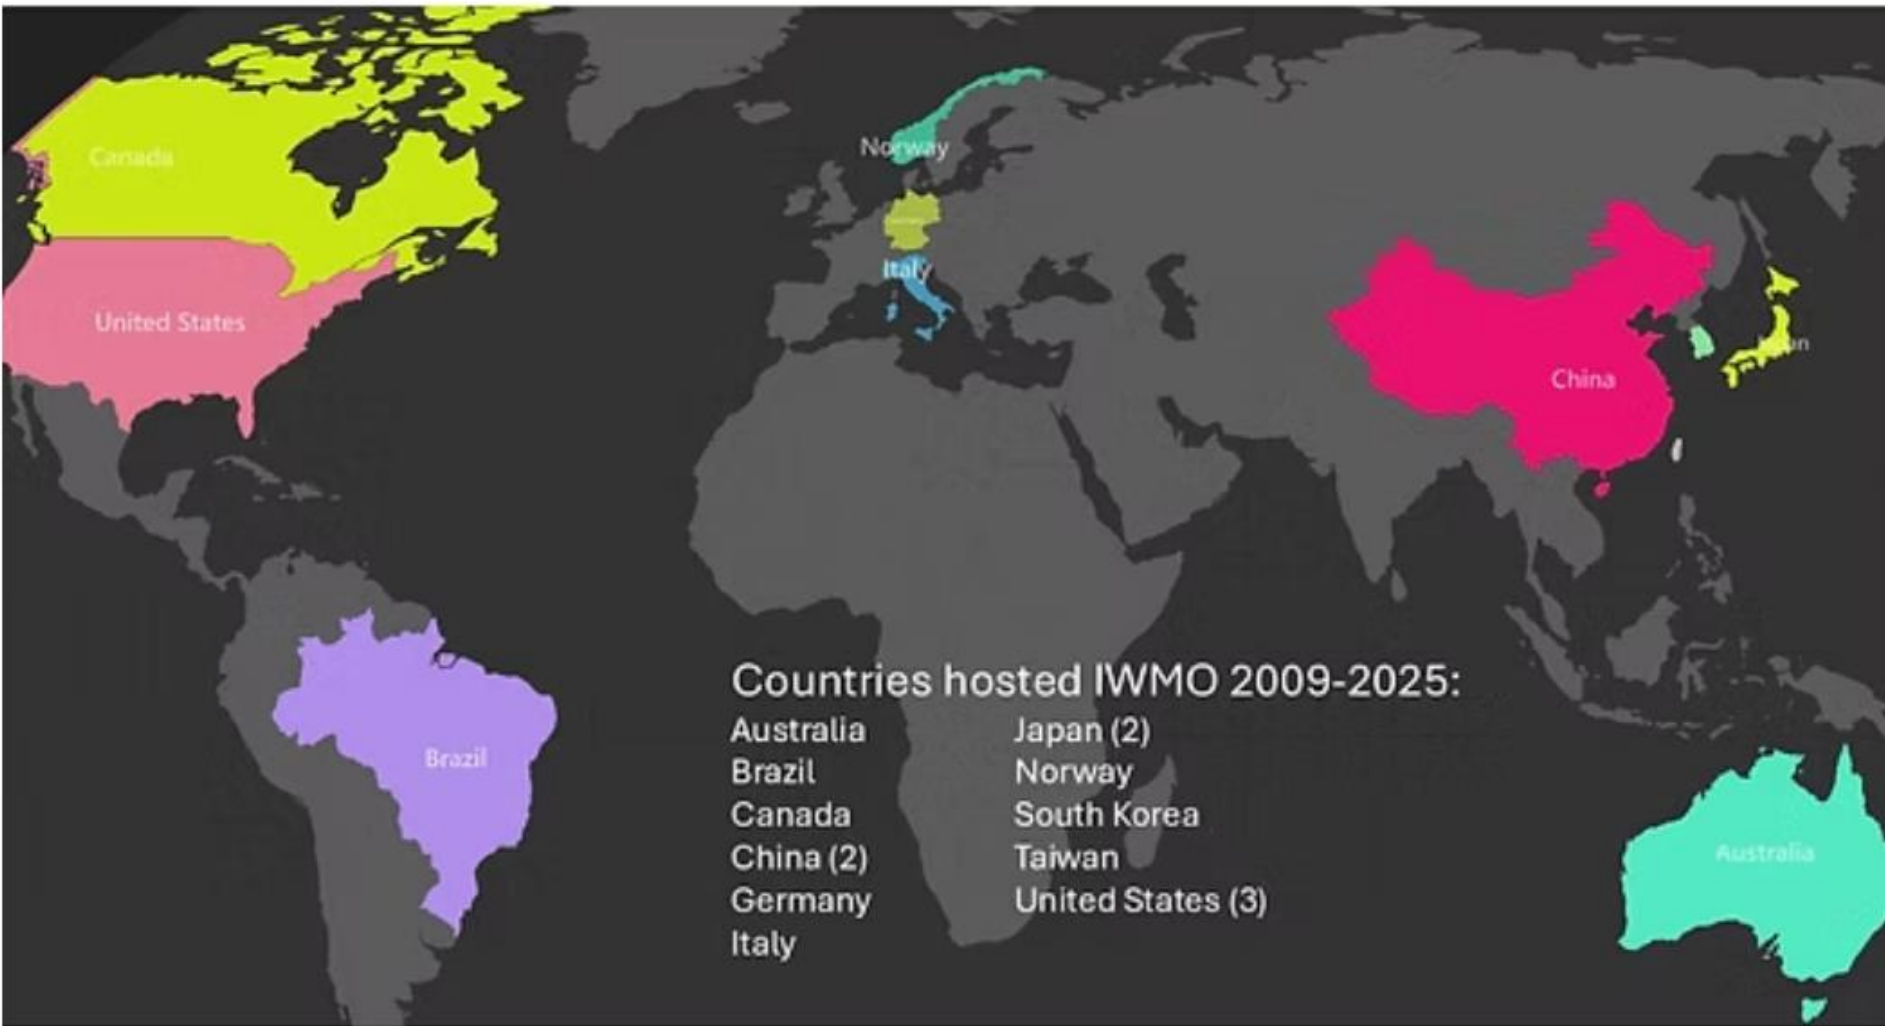

- Oliver Fringer
- Ricardo de Camargo
- Yu Lin Eda Chang
- Huijie Xue

# Information for Special Issue IWMO-2025

- Submission period: July 20 – December 30, 2025
- Each paper is published online when accepted
- Closing the issue with editorial summary by July 2026
- A printed collection of all papers can be requested later
- Peer review by reviewers from IWMO & external experts  
(you may suggest reviewers in cover letter)
- One paper as first author (2-3 O.K. as co-author)
- Recommendation: co-author attended IWMO-2025  
(this year others involved with IWMO who could not attend too)
- Papers are considered on any topic relevant to ODYN  
(not necessarily what presented) – numerical models, data analysis & assimilation, ocean processes, currents, waves, tides, etc.

For update and information see: <https://www.pomusers.org/>  
or <http://iwmo.net/>

## Past IWMO meetings:

# NEXT MEETING IWMO-2026?

# Mallorca Island, Palma, Spain

## Hosted by Alejandro Orfila and Juan Manuel Sayol

# IWMMO 2026

## Workshop venue

**The workshop will be held at the University of Balearic Islands (Palma) in September 2026 (summer is tourist peak), but potentially May or June**

Palma, the main city and capital of Mallorca Island (Spain) is an exceptional destination offering a perfect blend of professional infrastructure and natural beauty. With its well-connected international airport and a wide range of high-quality accommodations, the island ensures smooth logistics for IMWO. Beyond its facilities, Mallorca provides an inspiring setting with stunning Mediterranean landscapes, a rich cultural heritage, and a pleasant climate year-round. These qualities make it an attractive and memorable location for attendees, encouraging both productive sessions and valuable networking opportunities in a relaxed environment.

*IWMO local committee will be shared by University of Alicante and IMEDEA (the Mediterranean Institute for Advanced Studies) a renowned interdisciplinary research center from the Spanish Research Council (CSIC) and the University of the Balearic Islands (UIB) focused on the study of natural systems, particularly those related to the Mediterranean region, coasts, and marine environments.*

Many thanks for the local organizing committee  
for having a successful, productive and enjoyable  
meeting in Stanford.

Hope to see many of you in future  
IWMO meetings
